Note: **All shooters** wishing to attend a session are to **notify by text message** the competition RO for their discipline by **6.00PM the day before**. Reception is poor at the range. It will be a great courtesy on your part for the competition RO to know well in advance who will be attending – don't turn up without notification. If you have booked and then can't attend, please notify the Competition RO as soon as possible. Larger shoots will be held over multiple sessions so once you text the RO you will be given a time slot for the day.

important If the RO has no people attending for the day they will not open the range.

All instruction signage displayed at the range is to be strictly adhered to

There are to be no more than 10 shooters (including the competition RO) at the range at any time.

At all times 'social distancing' of 1.5metres is to be practised. No congregating in groups between practice sessions or checking out/admiring another shooters firearm on the bench.

Official program cancelled if forecast is over 36°C (contact match captain if unsure)
